These General Rules establish the standards governing participation in the Running and Para-athlete (PcD) Races that make up the RIO MARATHON 2027 event, hereinafter referred to simply as the "Event," in accordance with best practices adopted internationally by the world's leading marathons, with a view to ensuring safety, inclusion, and sporting excellence for all participants.

The Event will take place from May 27 to 30, 2027, in the city of Rio de Janeiro, Brazil, bringing together duly registered athletes of both sexes, amateur and professional, Brazilian and foreign

1. Eligibility and Categories

1.1. Registration and Age

1.1.1. For all Races, the age of registrants and participants as of December 31, 2027 will be considered for registration and results purposes, in accordance with CBAT Rule 12

1.1.2. The participant declares that they are solely responsible for the truthfulness, completeness, and authenticity of the information provided at the time of registration and must present official photo identification, physical or digital, whenever requested by the ORGANIZATION. The ORGANIZATION may cancel the registration, disqualify the athlete, or prevent their participation if false data, relevant omissions, or information compromising the safety of the event is identified.

1.2 Elite Athlete Categories

1.2.1. An athlete who meets the qualifying times set out in these Rules may apply for admission to the Elite Pack, upon presentation of an official result and other documents required by the ORGANIZATION. Meeting the qualifying time does not automatically guarantee a spot, which is subject to technical validation, the participant limit, and the objective ranking and tie-breaking criteria previously announced.

1.2.2. To take part in the men's Elite "A" pack, the qualifying time is 30 min for the 10K, 1h 05 min for the Half Marathon, and 2h 15 min for the Marathon.

1.2.3. To take part in the men's Elite "B" pack, the qualifying time is 32 min for the 10K, 1:08 for the Half Marathon, and 2:20 for the Marathon. The maximum number of athletes in the men's Elite "A" and "B" packs combined is 30.

1.2.4. To take part in the women's Elite "A" pack, the qualifying time is 35 min for the 10K, 1h 13 min for the Half Marathon, and 2h 35 min for the Marathon.

1.2.5. To take part in the women's Elite "B" pack, the qualifying time is 37 min for the 10K, 1:20 for the Half Marathon, and 2:50 for the Marathon. The maximum number of athletes in the women's Elite "A" and "B" packs combined is 30.

1.2.6. Qualifying times for admission to the men's and women's Elite packs will only be accepted if achieved at Official Races: WA, CBA, and/or the State Federation where the race was held.

1.2.7. Only athletes previously admitted to and registered in the Elite Pack are eligible for the cash prizes awarded for the Elite overall ranking, subject to applicable technical rules. This restriction does not affect the awarding of medals, trophies, or other prizes provided for the Overall, Age Group, and PcD categories.

1.2.8. The organization may disqualify elite athletes who use unauthorized technological devices, gain an unfair advantage, or fail to comply with the Race Management's technical instructions.

1.2.9. Failure to comply with technical rules or engaging in unsporting, aggressive, or fraudulent conduct, or conduct that compromises safety, may result in a warning, removal from the race, disqualification, or a ban from participation, depending on the severity of the conduct and the applicable rules. Immediate measures may be taken to protect safety and the integrity of the competition. Subsequent sanctions will depend on a record of the occurrence, an opportunity for the athlete to respond, and a reasoned decision.

1.2.10. The ORGANIZATION may invite athletes and offer accommodation, transportation, or other benefits, according to sporting, commercial, logistical, and budgetary criteria. Such grants are individual, do not constitute a vested right, and do not alter the technical criteria for qualification, ranking, or awards.

1.3 Technical Meeting for Elite Athletes

1.3.1. The Technical Meeting will be held before the 10K, Half Marathon, and Marathon races, on a date, time, and at a location announced by the ORGANIZATION. Access is restricted to Elite athletes and their duly accredited coaches or team representatives, except for interpreters, companions, and other support necessary for accessibility.

1.3.2. Elite athletes' bib numbers will be handed out one hour before the start of the Technical Meeting, in a hall adjacent to the event venue. To access the meeting, the athlete must present their bib number to the organization's representatives at the entrance to the hall.

1.3.3. Access to the Technical Meeting and to the bib number collection area is strictly limited to the organization's accredited representatives, duly identified Elite athletes, and their respective coaches or team representatives. Attendance by Elite athletes in the 10K, Half Marathon, and Marathon is mandatory. Bib numbers may not be collected by third parties, including coaches or representatives.

1.3.5. When collecting their bib number, the Elite athlete will be photographed for facial recognition, used exclusively for identification and access control at the call room. Biometric data will be handled in accordance with the LGPD and the Event's Privacy Notice, with restricted access, retention for the necessary period, and subsequent deletion. Where possible, an alternative manual identification method will be made available.

1.4 Marathon Age Groups

Age Group - Men	Age Group - Women
20 to 24 years	20 to 24 years
25 to 29 years	25 to 29 years
30 to 34 years	30 to 34 years
35 to 39 years	35 to 39 years
40 to 44 years	40 to 44 years
45 to 49 years	45 to 49 years
50 to 54 years	50 to 54 years
55 to 59 years	55 to 59 years
60 to 64 years	60 to 64 years
65 to 69 years	65 to 69 years
70 to 74 years	70 and older
75 to 79 years	
80 and older	

1.5 Half Marathon Age Groups

Age Group - Men	Age Group - Women
18 to 19 years	18 to 19 years
20 to 24 years	20 to 24 years
25 to 29 years	25 to 29 years
30 to 34 years	30 to 34 years
35 to 39 years	35 to 39 years
40 to 44 years	40 to 44 years
45 to 49 years	45 to 49 years
50 to 54 years	50 to 54 years
55 to 59 years	55 to 59 years
60 to 64 years	60 to 64 years
65 to 69 years	65 to 69 years
70 to 74 years	70 and older
75 to 79 years	
80 and older	

1.6 PcD Categories

1.6.1. Persons with disabilities are guaranteed a 50% (fifty percent) discount on the current price of the essential entry, subject to the conditions, documents, and limits set out in applicable law. The same benefit will be granted to one companion when the need for one is declared by the person with a disability or, if they are unable to do so, by their representative.

1.6.2. The essential entry covers the items indispensable to taking part in the race, including bib number, timing chip (when applicable), course access, and finisher medal, and does not include the T-shirt or other optional products or services, provided these are genuinely optional and sold separately.

1.6.3. Proof required: the athlete must submit a medical report (in the field provided at the time of registration) stating the ICD code, International Classification of Diseases (10th or 11th revision), corresponding to the disability claimed. The report must have been issued within the last 12 (twelve) months, unless it indicates that the disability is permanent in nature.

1.6.4. Volunteer Guide: Athletes who require guide support must indicate this need at the time of registration, and may run accompanied by 1 (one) Volunteer Guide per race; the guide does not compete and will receive a bib number without a timing chip, marked "GUIDE."

1.6.5. Acting as a guide-runner at the participant's request does not constitute an employment relationship or the provision of volunteer services to the ORGANIZATION; the guide remains responsible for complying with these Rules and with the Race Management's instructions.

1.6.6. Competitive PcD categories, permitted equipment, guide-runner rules, and awards criteria will follow the rules of the CBA, the CPB, and, where applicable, World Para Athletics, in force on the date of the event.

1.6.7. PERSONS WITH DISABILITIES (PcDs) will be divided into the following categories:

Category	Description
DEV = visually impaired athlete	An ATHLETE with a visual impairment, characterized by the loss or reduction of visual capacity in one or both eyes. It is recommended to run with a GUIDE-RUNNER (who does not compete), joined by a cord no more than 0.5m long, held by hand or attached to the arm; a specific harness for GUIDES may also be used.
DMI = athlete with a lower-limb disability (ambulatory)	An ambulatory ATHLETE with a disability of the lower limb(s), shortened, with total or partial absence of lower limb(s), using a prosthesis or not.
DI = athlete with an intellectual disability	An ATHLETE with an intelligence quotient (IQ) below 70 and/or limitations in adaptive skill areas (communication, self-care, home living, social skills, community use, health and safety, self-direction, functional academics, and work). Regardless of the degree of disability, the ATHLETE may run with a GUIDE-RUNNER, who may not run ahead of the ATHLETE and must stay behind or beside the ATHLETE at all times.
DAU = hearing-impaired athlete	An ATHLETE whose hearing is not functional, with partial or total loss of hearing capability, of varying degrees and levels, with or without a

	hearing aid.
WHEELCHAIR USER	A non-ambulatory ATHLETE using an everyday wheelchair, adapted or not, non-motorized and unassisted, propelled by hand force applied to the rear wheels.
ATHLETIC WHEELCHAIR USER (Professional Category)	An ATHLETE using a racing wheelchair, non-motorized and unassisted, propelled by hand force applied to the rear wheels.
HANDCYCLER / HANDBIKE (Professional Category)	An ATHLETE using an adapted tricycle with a chain, sprocket(s), and gear(s) system, propelled by hand force.
DMS = athlete with an upper-limb disability	An ATHLETE with amputation or a disability of the upper limb(s), using a prosthesis or not.
LES AUTRES	An ATHLETE with a non-visible disability not previously categorized in this table.

1.6.8. Inclusion in a participatory category will not depend exclusively on diagnosis, ICD code, or a percentage previously set by the ORGANIZATION; the documents submitted and the functional impact of the disability on participation in the race must also be taken into account.

1.6.9. The "Les Autres" category will not be used as a residual competitive class. Situations that do not fit any of the other categories in this table will be assessed on technical grounds for participation and accessibility purposes, with no automatic guarantee of competitive classification or awards.

1.6.10. Being accompanied by a guide-runner will be mandatory or optional depending on the sport class, the need declared by the participant, and the applicable technical rules. The guide-runner may not pull, push, propel, or otherwise provide an unfair advantage, except for the assistance expressly permitted for participants in assisted categories.

1.6.11. Placement in categories will be reviewed by a qualified professional or technical committee. Any denial must be justified and communicated to the participant, who will be guaranteed the right to request reconsideration within the period announced by the ORGANIZATION.

1.6.12. All athletes recognized as PcDs will start 5 minutes AFTER the official Elite start time, except for ATHLETIC WHEELCHAIR USERS and HANDCYCLISTS, who will start in a specific wave.

1.6.13. Participation by ATHLETIC WHEELCHAIR USERS and HANDCYCLISTS will only be permitted for professional athletes, who, for safety reasons, will start 5 minutes before the Elite.

1.6.14. For safety reasons, participation in the WHEELCHAIR USER WITH GUIDE category will not be permitted.

1.6.15. Extraordinary situations or cases that do not fit the categories above will be reviewed by the TECHNICAL ORGANIZATION upon formal request from the interested party sent to pcmdr27@achillesinternationalbrazil.com.

1.6.16. After registration and submission of documents, the ATHLETE will receive an email from the ORGANIZATION with the result of the review of their registration and, provided it complies with the rules above and the athlete fits the category, their registration will be confirmed.

1.6.17. An ATHLETE who does not meet the criteria for the category chosen, willfully omits relevant information, submits false documents, or fails to comply with safety-related rules may have their category changed, be prevented from starting, or be removed from the race, depending on the severity of the situation.

1.6.18. IMPORTANT: For PcD Categories, re-registration with the race representative is mandatory at the time of kit pickup. Pickup must be done in person.

1.6.19. Submitting a false or altered medical report will result in immediate cancellation of the registration, a ban on participating in future editions, and notification to the competent authorities.

1.6.20. Equipment used by PcD athletes, including racing wheelchairs, handcycles, and assistive devices, may be subject to mandatory technical inspection before the start; participation with equipment that has not been approved or that poses a safety risk is prohibited, in accordance with WA/CBA rules.

1.6.21. The PcD athlete is responsible for designating their guide-runner and must ensure that the guide is fit, briefed, and aware of the race rules. The guide-runner must comply with these Rules and with the ORGANIZATION's instructions. The ORGANIZATION will not be liable for damages arising solely from acts of the guide-runner, provided there is no fault attributable to it.

2. Registration

2.1 General Registration Rules

2.1.1. At the time of registration, by agreeing to these Rules through the option presented in the online system, the participant fully accepts all of its terms, including the Liability Waiver, which is an integral part of these Rules.

2.1.2. Registration for the 5 km, 10 km, 21 km, 42 km, and Challenge 21k+42k races will be carried out exclusively through the GODREAM website. Opening dates, the registration period, and sales channels are described in item 2.2.

2.1.3. Registration for the general public for the 21 km and 42 km races will take place through the Regular Registration Draw, based on prior sign-up and specific batches, in accordance with the criteria, deadlines, and procedures set out in the Regular Registration Draw Rules, which will be made available on the official channels before the process begins. Prior sign-up does not guarantee a spot, which will only be confirmed after selection and completion of registration by the participant.

2.1.4. Registrations are personal and their holder may be changed, within the period announced by the ORGANIZATION, upon request through the official channel, payment of the previously disclosed fee, and compliance with the applicable requirements by the new participant. The transfer will only be completed after confirmation by the ORGANIZATION and acceptance of these Rules by the new holder.

2.1.5. The participant acknowledges that it is their duty to keep up with all updates, notices, and instructions published by the organization on the official channels, and may not claim lack of knowledge thereof.

2.5.1 The participant must keep their contact information up to date and follow the notices published on the official channels. Any relevant changes related to the race will also be communicated by the ORGANIZATION using the contact information registered by the participant.

2.2 Registration Sales Schedule by Race

The abbreviation "PcD" used in this schedule refers to Persons with Disabilities. The Official Bank pre-sale is subject to its own rules, published by the partner institution, and to a set, limited number of spots.

March 2027	Leftover Batch ("Raspa do Tacho").

**or until spots run out. **During the purchase window for the 42 km, Challenge 21 km + 42 km, and 21 km races, the participant may optionally, and while spots remain, also purchase an entry for the 10 km race, without a T-shirt, at the promotional price shown on the platform.*

2.2.8. Registration prices for each batch will be available on the official Go Dream page (www.godream.com.br) before the purchase is completed. Deadlines may be changed for technical, operational, legal, or safety reasons, upon prior notice on Rio Marathon's official channels, without affecting registrations already completed www.godream.com.br

2.3 Sales Channels

2.3.1. Information about registration will be available on the website www.maratonadorio.com.br; www.maratonadorio.com.br

2.3.2. The sales channels provided for in this item serve an exclusively commercial and operational purpose and may not be used to restrict or segregate the offer of entries by category of half-price beneficiary. Statutory benefits will be made available through the channels open to the public, subject to the conditions and limits set out in applicable law.

2.3.2.1. The following sales channels are planned:

Profile	Sales Channels
SPONSORS	Official Bank Pre-sale and Exclusive Sale for Sponsors
PARTNERS AND ACCREDITED PARTIES	Running Clubs and Travel Agencies (Brazilian)
FOREIGN NATIONALS	Direct Sale for Foreign Nationals and Travel Agencies (Foreign)
GENERAL PUBLIC	Direct Sale, Leftover Batch ("Raspa do Tacho"), and Regular Registration Draw

2.3.3 Foreign Nationals (Direct Sale)

2.3.3.1. Foreign athletes who do not choose to register through accredited Travel Agencies (item 2.7) may purchase their entry directly through the official website, in US dollars (US\$), with no draw involved, on the dates specified in the Registration Sales Schedule by Race (item 2.2), with prices available on the official GoDream page (www.godream.com.br).

2.3.4 General Public (Direct Sale)

2.3.4.1. The general public may purchase their entry directly through the official website, subject to availability and with no draw involved, on the dates specified in the Registration Sales Schedule by Race (item 2.2), with prices available on the official GoDream page

(www.godream.com.br). If Direct Sale spots run out, additional spots may be offered through the Leftover Batch ("Raspa do Tacho," item 2.3.5) or the Regular Registration Draw.

2.3.5 Leftover Batch ("Raspa do Tacho")

2.3.5.1. Between December 15, 2026 and December 17, 2026, if the 21K and 42K entries made available through the Regular Registration Draw are not sold out, an extra batch called the "Raspa do Tacho" (Leftover Batch) will be offered, consisting of the remaining entries and any entries from cancelled or incomplete purchases.

2.3.5.2. The number of entries available in this batch is limited, and sales will run through December 17, 2026, or while supplies last.

2.3.5.3. Entries in this batch may have a different price and kit composition than those offered in the phase reserved for draw winners. The price, the items included, and T-shirt availability will be announced on the platform before the purchase is completed.

2.4 Official Bank Exclusive Pre-sale Rules

2.4.1. RIO MARATHON 2027

2.4.2. On their respective dates, customers of the Official Bank who hold participating credit cards ("Participating Cards") may purchase entries through the exclusive pre-sale for the 42k, Challenge (21K + 42K), 21K, 10K, and 5K races, respectively, starting at 12:00 PM, through the website: , on the dates below: Entries will be subject to availability and to the quantities allotted to the pre-sale.

Race	Official Bank Exclusive Pre-sale Period
42K	September 14 at 12:00 PM to September 17 at 11:59 PM, or while supplies last
Challenge (21K + 42K)	October 14 at 12:00 PM until 11:59 PM, or while supplies last
21K	October 20 at 12:00 PM to October 23 at 11:59 PM, or while supplies last
10K	January 12 at 12:00 PM to January 14 at 11:59 PM, or while supplies last
5K	January 26 at 12:00 PM to January 28 at 11:59 PM, or while supplies last

2.4.3. The number of entries available in the exclusive pre-sales is LIMITED TO A TOTAL OF 7,100 (seven thousand one hundred) ENTRIES, subject to stock availability. The pre-sale will remain open while entries last.

2.4.4. This exclusive pre-sale is intended only for cardholders/customers of the Official Bank. Up to 02 (two) entries may be purchased per CPF (Brazilian taxpayer ID), regardless of how many Participating Cards the customer holds.

2.4.5. Current entry prices will be available on the official Go Dream page (www.godream.com.br). During the pre-sale, Official Bank customers holding a Participating Card will receive a promotional discount of 20% (twenty percent) on each entry and may pay in up to 12 (twelve) installments, with interest and no minimum installment amount. The discount cannot be combined with other promotions or benefits, and the more favorable statutory benefit will apply where applicable. www.godream.com.br

2.4.6. The discount applies only to the price of the entry. It does not apply to extra items available at the time of purchase, nor to the Go Dream convenience fee.

2.4.7. Completion of the entry purchase depends on spot availability at the time the purchase is completed, even during the exclusive pre-sale. The Official Bank is not responsible for technical problems that may prevent the purchase from being completed, such as internet connection failures or outages on the organizing company's website.

2.4.8. The promotion may be changed or ended at any time, without prior notice, in case of necessity, when stock runs out, or by legal requirement; the terms of orders already placed and confirmed by the end date of the pre-sale will be honored.

2.4.9. For questions, complaints, or support related to the pre-sale, consumers may contact the support center available on www.godream.com.br. www.godream.com.br

2.5 Exclusive Sale for Sponsors

Rio Marathon may make batches of entries available under exclusive terms to the event's official sponsors, in accordance with commercial agreements entered into with each brand. The sales period, prices, and access conditions will be set individually for each sponsor and announced in due course through the race's official channels and/or directly by the partner sponsor.

2.6 Running Clubs

Rio Marathon reserves a batch of entries for Running Clubs ("Assessorias Esportivas"), selected according to internal review criteria that take into account compliance with operating rules, national reach, and history with the organization. These entries must comply with the Rio Marathon Running Club Liability and Entry Use Agreement, made available to each club.

2.7 Travel Agencies

2.7.1. Brazilian or foreign athletes may, optionally, register through Travel Agencies accredited by the ORGANIZATION, with the entry tied to the respective tour package. This channel does not involve a draw and does not prevent the interested party from using any other registration channel for which they are eligible.

2.7.2. The list of Accredited Agencies will be available on the event's official website.

2.7.3. The price of the entry will be available on the official Go Dream page (www.godream.com.br). The total price of the tour package, the services included, and the payment, cancellation, and refund terms must be disclosed by the Accredited Agency before booking. www.godream.com.br

2.7.4. Entries sold by Accredited Agencies are tied exclusively to tour packages and may not, under any circumstances, be sold separately, on their own, or unbundled from such packages.

2.7.5. Final registration of the athlete is the Agency's responsibility, carried out through a dedicated access link provided by the Organization, with the Agency responsible only for entering the information provided by the athlete. An entry obtained in breach of this procedure, or with inconsistent, incomplete, or unvalidated data not confirmed by the participant themselves, may be cancelled by the Organization, with no right to a refund.

2.7.6. Final registration of the athlete, including personal data, contact information, choice of race, and other required information, must be confirmed personally by the athlete through the dedicated link provided by the Organization. Acceptance of the Athlete Liability Waiver is a strictly personal act and must be made exclusively by the athlete themselves; it may not be done by the Agency or by third parties.

2.7.7. The Accredited Agency and the ORGANIZATION will each process participants' personal data within the scope of their respective activities, in compliance with the LGPD and the Event's Privacy Notice. The Agency will be responsible for collecting and securely sending the data to the ORGANIZATION, which will use it to manage the Event, confirm registration, ensure safety, process results, enrich data, and comply with legal obligations. Booking tour packages through Travel Agencies does not create joint or several liability between the Organization and the Agency. Each party is solely responsible for the services it provides. The Organization is not liable for operational failures, registration errors, delays, omissions, or any other obligations arising from the commercial relationship between the athlete and the Agency, except where these result from a failure attributable to the Organization itself or to systems under its management.

2.7.9. For questions, complaints, or support related to a purchase made with a travel agency, consumers should contact the support center of the agency where they purchased their entry.

IMPORTANT: Additional batches may be opened for direct entry sales, announced on Rio Marathon 2027's social media channels, while supplies last.

2.8 Change of Registration Holder

2.8.1. The holder may be changed only once, within the period announced on the event's official channels. The change is made through Go Dream, via the logged-in area, and includes payment of a transfer fee. The fee amount will be available on the platform before the change is requested.

2.8.2. Entries granted as courtesy passes are personal and non-transferable. Entries purchased through Travel Agencies, sponsors, or other channels will follow the transfer rules previously announced for the respective channel.

2.8.3. For transfers of special entries (Senior and PcD), the new holder must meet the same purchase requirements, including proof of age for seniors and a medical report for PcDs. In

other words, the transfer must be made to an eligible third party; accordingly, if the entry is a senior entry, the new runner must also be a senior.

2.8.3.1. When the transfer involves a PcD category, the required documents must be submitted through the secure channel indicated by the ORGANIZATION, subject to the category placement rules and personal data protection requirements.

2.8.4. The change of holder is nominal and only changes the event participant; the following personal data are changed as a result: name, ID document, phone number, gender, and date of birth.

2.8.5. Changing the holder does not permit changes to the distance, race type, T-shirt or sock option, kit pickup appointment, or other items selected in the original entry.

2.8.6. Plugins (extra items available during the purchase journey) linked to the entry transfer along with it, except for the BoraPraMara T-shirt product, which is shipped to the original buyer's address after purchase. For the 21k+42k Challenge, only the holder of the entry as a whole may be changed; changing the holder of just one of the two distances within the entry is not permitted. If in doubt, the runner may contact the ticketing company at atendimento@godream.com.br.

2.8.7. Participants are expressly prohibited from assigning, lending, or transferring their bib number to third parties without the organization's formal authorization. If such a violation is found, the participant will be held liable for any accidents or damage suffered by the third party, fully releasing the race organization, its sponsors, supporters, and any public bodies involved from liability. In addition, the offender will be banned for 2 (two) years from all races organized by Dream & Spiridon, and their name will be reported to the relevant State Athletics Federation and to the Brazilian Athletics Confederation (CBAT), for appropriate action.

2.8.7.1. The participant will be liable for damage arising from their own conduct. The violation may be reported to the Athletics Federation or to CBAT when required by sporting rules or in the presence of significant evidence of fraud, without excluding the legal liability of other parties involved.

2.8.8. Changes of race type are not permitted under any circumstances.

2.8.9. The ORGANIZATION may refuse requests to change the registration holder that show signs of fraud, registration inconsistencies, or operational risk, with no obligation to provide a detailed justification.

2.9 Entry Upgrade - 42K to Challenge 21K+42K

2.9.1. An athlete registered for the 42K race may request an upgrade of their entry to the Challenge (21K + 42K) race, subject to spot availability.

2.9.2. After the 42K entry purchase is confirmed, the athlete must contact Go Dream customer service (atendimento@godream.com.br), providing their Name, CPF, and Locator, and expressly requesting the upgrade of their entry to the Challenge race type.

2.9.3. The deadline to request the upgrade at no additional cost is October 19, 2026. After this date, any new upgrade windows will be subject to spot availability and to an

administrative service fee, the amounts and deadlines for which will be announced in advance through the event's official channels.

2.9.4. The upgrade applies only to changing the race type of a 42K entry to the Challenge (21K + 42K); no other form of change between races is permitted.

2.9.5. The race-type change provided for in this item does not permit a change of registration holder; all of the athlete's original data remain unchanged, including T-shirt size, kits/plugins purchased, and appointments.

2.9.7. Granting the upgrade is subject to spot availability in the Challenge (21K + 42K) race type at the time the request is reviewed.

2.9.8. Purchasing a 42K entry for the purpose of later purchasing a Challenge (21K + 42K) entry, with a view to changing the holder of one of the entries, is not permitted. This is because each athlete may only be registered once for each distance; accordingly, an athlete already registered for the 42K race may not purchase the Challenge entry, since it also includes the 42K distance.

3. Athlete Kit

3.1 Entry Fees and Participation Kit

The price of the event entry will be as shown in real time on the official GoDream page (www.godream.com.br), with the final price set according to the availability of entries in each batch. Should the athlete wish to purchase additional items or services together with the entry, they must pay the additional price for the items selected.

3.2 Kit Contents

3.2.1. Kits consist of the athlete's entry, bib number with chip, and medal (for finishers only). Any additional items, including the event's official T-shirt, will be included in the kit strictly according to the description of the option/category selected by the athlete at the time of purchase on the ticketing platform. At Kit Pickup, it is the runner's responsibility to check at the counter that the items handed over exactly match the kit purchased.

3.2.2. At the time of purchase, the athlete may add additional products to their shopping cart, to be determined by the organization. The athlete should check the pickup counter for additional products at Kit Pickup.

3.2.3. Pickup of products, whether part of the kit or additional items purchased, must take place exclusively during the period and at the location of Kit Pickup. If the athlete does not collect their kit within the deadline, there will be no home delivery or later pickup, and the items will be subject to disposal or other disposition at the organization's discretion, with no right to a refund of the participation kit price.

3.2.4. During the purchase journey for the 42K, Challenge (21K + 42K), and 21K races, the athlete will have the option to purchase a 5K and/or 10K entry, essential kit, at an exclusive discount, to help them train in advance.

3.3 Bib Number, Disposable Chip, and Kit Pickup

3.3.1. The date for kit pickup will be set at a later time after these Rules are published. The method and location for scheduling kit pickup will be announced in due course on the event's official channels. It is essential that the athlete pick up their kit on the previously scheduled date and time, under penalty of not having access to the kit if they fail to attend or fail to comply with this item of these Rules.

Kits will only be handed over upon presentation of the athlete's original ID document and proof of registration. Pickup by a third party will be allowed upon presentation of specific written authorization signed by the registered athlete (physical or digital), together with a copy of the athlete's ID document and the representative's original photo ID. Kits will not be handed over at a location or on dates other than those previously set.

3.3.3. When picking up their kit, the athlete must immediately check all items handed over, including bib number, T-shirt, giveaways, and other components. This is the only time when the athlete may ask the organization for any adjustment, correction, or replacement of missing or defective items.

3.3.4. The kit must be checked by the athlete at the time of pickup. After checking and leaving the venue, no complaints, reviews, or requests for exchange relating to missing items, sizes, defects, discrepancies, or any other aspect of the contents delivered will be accepted.

3.4 Bib Number

The kit includes the athlete's identification number together with the disposable timing chip. On race day, the number must be affixed to the front of the uniform, at chest height. The number is personal and non-transferable and may not be altered, cut, or defaced. Assigning, fraudulently using, or improperly transferring the bib number to a third party will result in the athlete's immediate disqualification, in addition to cancellation of the entry and civil and criminal liability for any resulting damage.

3.5 Disposable Chip

3.5.1. This race will use a disposable chip on the bib number, which must not be cut, folded, scratched, or damaged, in order to ensure it is read correctly by the timing system. As it is disposable, it does not need to be returned.

3.5.2. Use of the chip is mandatory for all registrants; failure to use it will result in disqualification.

3.5.3. Upon receiving their kit, the athlete must check their personal information on the spot. Complaints about registration details will only be accepted if made at that time.

3.5.4. Use of the bib number and chip is mandatory to take part in the race. Failure to use, mutilation, or defacing of either item in a way that compromises its visibility or its reading by the timing system will result in the athlete's disqualification.

3.6 Improper Use of the Bib Number and Disposable Chip

3.6.1. The bib number and chip are personal and non-transferable. Their safekeeping, maintenance, and use are the sole responsibility of the registrant, and any form of exchange, loan, or transfer to third parties, whether or not they are race participants, is prohibited, including the simultaneous use of more than one chip belonging to other athletes, under any circumstances or for any reason.

3.6.2. Improper use of the bib number or chip, even if negligent or unintentional, will result in disqualification of those involved and will be reported to the local Athletics Federation and to CBAAt for appropriate action. After the matter has been investigated, penalties may be applied, such as temporary suspension from participating in official events sanctioned by these bodies and punishment of the team and coach involved, which may extend to a permanent ban in the case of proven repeat offenses.

3.6.3. Assigning, selling, reproducing, altering, or using the bib number or chip, by the athlete or by third parties, constitutes serious fraud, resulting in disqualification, cancellation of the entry, and a ban on participating in future editions of Rio Marathon. The person responsible for the fraud may be held civilly and criminally liable for their actions, without prejudice to the obligation to compensate for any losses and damage caused to the Organization or to third parties.

4. Race Day

4.1 Start

4.1.1. The races making up the Event will have their starts and finishes according to the following schedule:

4.1.2. MARATHON: May 30, 2027, Sunday, distance of 42.195m, starting at Praia do Recreio and finishing at Aterro do Flamengo, with a wave start at times to be announced later.

4.1.3. HALF MARATHON: May 29, 2027, Saturday, distance of 21.0975m, starting at Leblon beach and finishing at Aterro do Flamengo, with a wave start at times to be announced later.

4.1.4. 10K: May 28, 2027, Friday, distance of 10,000m, starting and finishing at Aterro do Flamengo near Marina da Glória, in waves, starting at 7:00 AM.

4.1.5. 5K: May 27, 2027, Thursday, distance of 5,000m, start, finish, and time still to be set and to be announced later.

4.1.6. Times and courses are subject to change and will be announced on the official website and/or Rio Marathon's official social media channels.

4.1.7. CHALLENGE: An athlete registered for the 21K+42K Challenge must have their time recorded at the start, throughout the course, and at the finish of the Half Marathon, to be held on May 29, 2027, and at the start, throughout the course, and at the finish of the Marathon, to be held on May 30, 2027. The athlete must go to the Challenge tent, located in the finish

arena (for both races), to record completion of each stage. Only an athlete who has completed all legs of the 21K+42K Challenge may collect the special medal.

4.1.8. All races making up the RIO MARATHON 2027 event follow the General Road Race Rules, CBAT Rule 7, and WA Rule 240.

4.2 Changes to Start Times

4.2.1. The organization may, at its sole discretion, change race start times at any time, regardless of justification, including, without limitation, situations such as the number of registrants, traffic emergencies, adverse weather conditions, communication failures, disruptions, or any other reasons beyond the organization's control. Any changes will be communicated to participants through the event's official channels, with no right to a refund, compensation, or indemnity of any kind as a result of such changes

4.3 Bag Check

4.3.1. The organization recommends that athletes not leave valuables at bag check (watches, electronic equipment, audio equipment, cell phones, credit cards, cash, among others).

4.3.2. The organization is not liable for any items or equipment left at bag check, nor for any loss of belongings or harm athletes may suffer during their participation in the race. This is a courtesy service for participants, recommended only for items of no significant value.

4.3.3. Bag check will be shut down one hour after each race's time limit.

4.4 Water Stations

Water stations will be provided with mineral water along the course, approximately every 3 km, in addition to one station at the start and one at the finish of each race.

4.5 Content Production on the Course

4.5.1. During the entire course of any of the Event's races, the presence of unofficial photographers, video producers, drones, and vehicles of any kind (skateboards, scooters, unicycles, bicycles, motorcycles, roller skates, cars, among others) is prohibited.

4.5.2. The use of selfie sticks, extendable supports, large cameras, or any equipment that increases a person's body volume or that could compromise participants' safety, cause accidents, obstruct the course, or interfere with the running of the race is prohibited.

4.5.3. An athlete who fails to comply with this rule may be immediately redirected and removed from the course by the ORGANIZATION, whenever the conduct poses a risk to safety, to the physical wellbeing of participants, or to the event running smoothly. Depending on the severity of the violation, the ORGANIZATION may apply additional penalties, including a warning, disqualification, or a ban on participating in future editions, according to its technical assessment and internal criteria.

5. Results and Awards

5.1 Results

5.1.1. Results for the RIO MARATHON 2027 races will be published on the event's official website (www.maratonadorio.com.br) and on the website of the official timing company responsible for the event's races. The organization is not liable for results published on websites other than the official ones. Results may be updated as a result of reviews and disqualifications.

5.1.2. Requests to review results will only be accepted up to 15 (fifteen) days after the event is held.

5.1.3. The ORGANIZATION may review, correct, or adjust results in the event of inconsistencies, timing failures, suspected fraud, or breach of the event rules.

5.2 Finisher Medal

All athletes duly registered and wearing the bib number and official timing chip issued by the organization, who finish the race within the maximum time limits set, will be entitled to a finisher medal.

5.3 Awards - Direct Award for the Marathon Elite Overall Ranking

5.3.1. Classified athletes must proceed to the awards and podium area immediately after finishing the race, and/or when called upon by the organization, to receive their trophies and complete the forms needed to later receive their prize money.

5.3.2. Award amounts will be confirmed by the organization shortly.

5.3.3. IMPORTANT: Athletes finishing 1st through 30th place may undergo anti-doping testing immediately after finishing, in accordance with World Athletics, Brazilian Athletics Confederation, AIU, and ABCD rules.

5.3.4. The Event's official result for the men's and women's 1st through 30th place Elite Category finishers depends on confirmation of the official record sheet by the Technical Delegate appointed by CBAT (Brazilian Athletics Confederation). The top 30 (thirty) placings in the men's and women's ELITE CATEGORY RACE will be determined by finish order and gun time. The remaining placings will be determined by the net time taken by each competitor to complete the course, as recorded and defined by the start, finish, and course checkpoint timing mats.

5.3.5. Only Elite category athletes are eligible to receive the race's official awards. Athletes in other categories, including the Overall category, are not eligible for awards even if they finish the race among the top placings. Official awards are subject to the criteria and requirements of international bodies, applying only to Elite athletes approved under the rules specified above.

5.4 Direct Award by Category - Age Group - Marathon

5.4.1. Category winners will receive award trophies.

5.4.2. IMPORTANT: Any awards will only be presented after the accuracy of the results has been verified for all participants placing in the top three (3) of each category, using the following procedures: use of finish images (photos and video) for everyone; confirmation of checkpoint crossings along the course; review of all appeals and complaints submitted or made directly to the organization; verification of any resulting disqualifications; and receipt of the anti-doping test results for the top finishers in the race's overall ranking. Verification may take up to 60 (sixty) days to be completed after the current year's event is held. Award trophies will later be shipped by courier or mail to the address provided by the award recipient, or may be collected in person at the organization's office, or by a duly documented proxy.

5.4.3. The deadline to request a results review is 15 (fifteen) days from the date the current year's event is held. After this date, the race organization will no longer accept requests for a results review.

5.4.4. The deadline to collect an award is up to 6 (six) months from the date the current year's event is held. After this date, the race organization will no longer accept requests to collect an award trophy.

5.5 Direct Award by Category - PcDs - Athletes with Disabilities - Marathon

5.5.1. Category winners will receive award trophies.

5.5.2. The deadline to request a results review is 15 (fifteen) days from the date the current year's event is held. After this date, the race organization will no longer accept requests for a results review. Verification may take up to 60 (sixty) days to be completed after the current year's event is held.

5.5.3. The deadline to collect an award is up to 6 (six) months from the date the current year's event is held. After this date, the race organization will no longer accept requests to collect an award trophy.

5.6 Direct Award for the Half Marathon Elite Overall Ranking

5.6.1. Classified athletes must proceed to the awards and podium area immediately after finishing the race, and/or when called upon by the organization, to receive their trophies and complete the forms needed to later receive their prize money.

5.6.2. Award amounts will be confirmed by the organization shortly.

5.6.3. IMPORTANT: Athletes finishing 1st through 30th place may undergo anti-doping testing immediately after finishing, in accordance with World Athletics, Brazilian Athletics Confederation, AIU, and ABCD rules.

5.6.4. The Event's official result for the men's and women's 1st through 30th place Elite Category finishers depends on confirmation of the official record sheet by the Technical Delegate appointed by CBAT (Brazilian Athletics Confederation). The top 30 (thirty) placings

in the men's and women's ELITE CATEGORY RACE will be determined by finish order and gun time. The remaining placings will be determined by the net time taken by each competitor to complete the course, as recorded and defined by the start, finish, and course checkpoint timing mats.

5.6.5. Only Elite category athletes are eligible to receive the race's official awards. Athletes in other categories, including the Overall category, are not eligible for awards even if they finish the race among the top placings. Official awards are subject to the criteria and requirements of international bodies, applying only to Elite athletes approved under the rules specified above.

5.7 Award by Category - Age Group - Half Marathon

5.7.1. Category winners will receive award trophies.

5.7.2. Awards will not be presented on the day of the event. They will only be presented after the accuracy of the results has been verified for all participants placing in the top three (3) of each category, using the following procedures: use of finish images (photos and video) for everyone; confirmation of checkpoint crossings along the course; review of all appeals and complaints submitted or made directly to the organization; verification of any resulting disqualifications; and receipt of the anti-doping test results for the top finishers in the race's overall ranking. Verification may take up to 60 (sixty) days to be completed after the current year's event is held. Trophies will later be shipped by courier or mail to the address provided by the award recipient, or may be collected in person at the organization's office, or by a duly documented proxy.

5.7.3. The deadline to request a results review is 15 (fifteen) days from the date the current year's event is held. After this date, the race organization will no longer accept requests for a results review.

5.7.4. The deadline to collect an award is up to 6 (six) months from the date the current year's event is held. After this date, the race organization will no longer accept requests to collect an award trophy.

5.8 Award by Category - Athletes with Disabilities - Half Marathon

5.8.1. Category winners will receive award trophies.

5.8.2. The deadline to request a results review is 15 (fifteen) days from the date the current year's event is held. After this date, the race organization will no longer accept requests for a results review.

5.8.3. The deadline to collect an award is up to 6 (six) months from the date the current year's event is held. After this date, the race organization will no longer accept requests to collect an award trophy. The deadline to request a results review is 15 (fifteen) days from the date the current year's event is held. After this date, the race organization will no longer accept requests for a results review.

5.8.4. Verification may take up to 60 (sixty) days to be completed after the current year's event is held.

5.9 Award for the 10K Elite Overall Ranking

5.9.1. Classified athletes must proceed to the awards and podium area immediately after finishing the race, and/or when called upon by the organization, to receive their trophies and complete the forms needed to later receive their prize money.

5.9.2. Award amounts will be confirmed by the organization shortly.

5.9.3. IMPORTANT: Athletes finishing 1st through 30th place may undergo anti-doping testing immediately after finishing, in accordance with World Athletics, Brazilian Athletics Confederation, AIU, and ABCD rules.

5.9.4. The Event's official result for the men's and women's 1st through 30th place Elite Category finishers depends on confirmation of the official record sheet by the Technical Delegate appointed by CBAT (Brazilian Athletics Confederation). The top 30 (thirty) placings in the men's and women's ELITE CATEGORY RACE will be determined by finish order and gun time. The remaining placings will be determined by the net time taken by each competitor to complete the course, as recorded and defined by the start, finish, and course checkpoint timing mats.

5.9.5. Only Elite category athletes are eligible to receive the race's official awards. Athletes in other categories, including the Overall category, are not eligible for awards even if they finish the race among the top placings. Official awards are subject to the criteria and requirements of international bodies, applying only to Elite athletes approved under the rules specified above.

5.10 Award by Category - 10K Athletes with Disabilities

5.10.1. Category winners will receive award trophies.

5.10.2. The deadline to request a results review is 15 (fifteen) days from the date the current year's event is held. After this date, the race organization will no longer accept requests for a results review.

5.10.3. The deadline to collect an award is up to 6 (six) months from the date the current year's event is held. After this date, the race organization will no longer accept requests to collect an award trophy.

5.11 Award for the 5K Overall Ranking

5.11.1. All placings will be determined by the net time taken by each competitor to complete the course, as recorded and defined by the timing mats, and all finishers will receive a finisher medal. As this is a celebratory-format race, there will be no awards ceremony and no trophy will be awarded to any athlete finishing among the top placings.

5.11.2. The deadline to request a results review is 15 (fifteen) days from the date the current year's event is held. After this date, the race organization will no longer accept requests for a results review.

5.12 Award by Category - 5K Athletes with Disabilities

5.12.1. All placings will be determined by the net time taken by each competitor to complete the course, as recorded and defined by the timing mats, and all finishers will receive a finisher medal. As this is a celebratory-format race, there will be no awards ceremony and no trophy will be awarded to any athlete finishing among the top placings.

5.12.2. The deadline to request a results review is 15 (fifteen) days from the date the current year's event is held. After this date, the race organization will no longer accept requests for a results review.

5.13 Award for the Overall Ranking - 21K+42K Challenge

5.13.1. The top five men and women finishers will each receive a trophy for their overall placing.

5.13.2. Awards will not be presented on the day of the event. They will only be presented after the accuracy of the results has been verified for all participants placing in the top five (05) of each category, using the following procedures: use of finish images (photos and video) for everyone; confirmation of checkpoint crossings along the course; review of all appeals and complaints submitted or made directly to the organization; verification of any resulting disqualifications; and receipt of the anti-doping test results for the top finishers in the race's overall ranking. Verification may take up to 60 (sixty) days to be completed after the current year's event is held.

5.13.3. Trophies will later be shipped by courier or mail to the address provided by the award recipient, or may be collected in person at the organization's office, or by a duly documented proxy.

5.13.4. The deadline to request a results review is 15 (fifteen) days from the date the current year's event is held. After this date, the race organization will no longer accept requests for a results review.

5.13.5. The deadline to collect an award is up to 6 (six) months from the date the current year's event is held. After this date, the race organization will no longer accept requests to collect an award trophy.

5.13.6. There will be no award by age group or for PcDs (Athletes with Disabilities) in the Challenge (21K + 42K) race type; awards for this race are limited to the overall ranking described in the items above.

6. Health and Safety Rules

6.1 Anti-Doping Testing: Marathon, Half Marathon, and 10K.

Anti-doping testing may be carried out on athletes in the Marathon, Half Marathon, and 10K races, based on selection made by the DCO (Doping Control Officer), accredited and under the responsibility of the AIU (Athletics Integrity Unit) and ABCD (Brazilian Doping Control Agency), with oversight by the CBA Technical Delegate and by referees accredited by CBA or FARJ.

6.1.1. Athletes selected for anti-doping testing will have their awards withheld by the ORGANIZATION until the official results are released by the competent body. For award winners who are not selected for testing, payment of the award will only be made after the results for athletes subject to anti-doping testing are released.

6.1.2. In the event of a positive doping result, the athlete will be automatically disqualified, will forfeit the right to the award, and will be excluded from the official ranking, with the other athletes being reclassified as authorized and approved by CBAt. The ORGANIZATION is not liable for deadlines, delays, or technical procedures related to laboratory analysis or to the release of results by the responsible bodies.

6.1.3. Refusing to provide samples or to comply with anti-doping procedures constitutes a serious violation and will result in immediate disqualification, forfeiture of the award, and exclusion from the official ranking.

7. Complementary Services

7.1 Transfer Service Operated by Third Parties

7.1.1. Rio Marathon's organization may make an optional transfer service related to the event available to participants. This service will be entirely planned, operated, and carried out by a third-party company, with no corporate, operational, or employment relationship with the race organization, and does not form part of the sporting event.

7.1.2. Booking, payment, terms of use, schedules, routes, pickup points, and other information regarding the transfer service are the sole responsibility of the company providing the service. Rio Marathon's organization does not act as an intermediary in the booking, does not guarantee spot availability or arrival within the race schedule, and accordingly is not liable for delays, cancellations, operational failures, route changes, property damage, lost items, accidents, driver conduct, or any other events arising from the transport service.

7.1.3. By choosing to use the transfer service, the participant acknowledges that the service is provided by a third party, fully accepts the terms set by the operating company, and releases Rio Marathon's organization from any direct or indirect liability related to transportation, including any impact on the athlete's participation in the event.

7.1.4. For questions, complaints, or support related to a purchase made with the third-party company, participants should contact the support center of the company from which they purchased the transfer service.

7.2. Rio Marathon 2027 Entry Insurance

7.2.1. Entry Insurance is an optional product, offered by the company responsible for the registration platform ("Ticketing Company"), and may be purchased at the time of registering for Rio Marathon 2027. An athlete who chooses to purchase this service must carefully read the policy's terms and conditions, available directly on the Ticketing Company's platform.

7.2.2. Rio Marathon's organization has no control over this product and is not responsible for its purchase, coverage, review, rules, deadlines, customer service, refunds, or the insurer's decisions.

7.2.3. Entry Insurance does not cover personal accidents, injuries, property damage, or any event related to participating in the race; it is the insurer's sole responsibility to set rules, deadlines, and eligibility.

7.3 Liability for Third-Party Services

Booking complementary services operated by third parties does not create joint or several liability between the ORGANIZATION and the provider. The ORGANIZATION does not oversee, audit, manage, or guarantee the performance of these services; it is solely the athlete's responsibility to assess, book, and deal with the chosen provider. Any question, complaint, support request, or other matter related to third-party services must be directed to the company responsible for providing them.

8. General Provisions

8.1 Right to Use of Image

8.1.1. By registering for and taking part in this event, the participant freely, knowingly, unequivocally, irrevocably, and unconditionally authorizes Rio Marathon's organization, its licensees, sponsors, supporters, partners, and other affiliated third parties, to use their image, voice, and likeness, including with respect to arena rights, for institutional, journalistic, promotional, advertising, commercial, corporate communication, and publicity purposes, in any physical or digital medium, present or future, regardless of any direct connection to this particular edition of the event.

8.1.2. This authorization is granted for an indefinite period and covers material captured in all areas and activities linked to the event, including kit pickup, activations, the course, the finish, the post-finish area, and other associated venues.

8.1.3. The participant authorizes the sending of informational messages related to the event by email, mail, SMS, messaging apps, or other means, using the contact information provided at the time of registration.

8.1.4. The participant declares that they waive any payment arising from the use of their image, voice, or participation in television broadcasts or broadcasts of any other kind, relating to this and future editions of the event, as well as similar events organized by the same parties, giving up any financial compensation on this account.

8.1.5. Authorization to use the participant's image does not create any commercial, employment, or associative relationship between the participant and the organization, its partners, or sponsors.

8.1.6. Finally, the participant declares that they are aware of and agree with the format and running of the event.

8.2 Personal Data Protection (LGPD)

8.2.1. In accordance with the General Personal Data Protection Law (LGPD), the participant declares that they are aware of, and authorize, the processing of their personal data by the ORGANIZATION and by third parties involved in staging the event, exclusively for purposes related to organizing, running, communicating about, operating, and publicizing the event, in observance of the principles of purpose limitation, necessity, and transparency.

8.2.2. The participant authorizes the sharing of their personal data with commercial partners, sponsors, technology providers, registration platforms, timing companies, insurers, and other service providers linked to the event, exclusively for purposes related to operations, safety, institutional communication, and improving the participant experience within the scope of the event. Sharing will take place within the limits set by the LGPD.

8.2.3. Any sensitive data provided, including medical information and reports submitted by PcD athletes, will be used exclusively to verify eligibility, ensure safety, and meet the event's legal and operational requirements, with restricted access and in observance of the principles of data minimization and enhanced protection set out in the LGPD.

8.2.4. The participant may, at any time, request access to, correction of, or deletion of their data, as well as exercise the other rights provided for under the LGPD, through the ORGANIZATION's official channels.

8.3. General Information and Rules

8.3.1 Minimum Age for Participation

8.3.1.1. The minimum age for participation is: 20 years old for the MARATHON (42 km) and for the CHALLENGE (21k + 42k); 18 years old for the HALF MARATHON (21 km); 16 years old for the 10K; and 14 years old for the 5K.

8.3.2. Registration of Minors

8.3.2.1. A minor athlete's registration may be completed by an adult legal guardian, upon submission of written authorization, accompanied by a certified copy of the athlete's ID document or birth certificate. The copy will be kept by the organization.

8.3.3. Race Duration

8.3.3.1. The maximum duration will be 6 (six) hours for the MARATHON, 3 (three) hours for the HALF MARATHON, and 90 (ninety) minutes for the 10K and 5K, counted from the start time of the last wave of each race.

8.3.3.2. Once these time limits have elapsed, the race clocks and timers will be switched off. Any athlete who is not within the projected pace (pace chart) at any point on the course will be asked to withdraw from the competition, handing their bib number to the Race Coordinator on site. In that case, the race will be considered finished at that point, and the

athlete may board the buses/vans made available by the organization to reach the finish area.

8.3.3.3. This procedure follows the cutoff times agreed with the traffic authorities of the City of Rio de Janeiro. If the athlete refuses to stop, they will assume full responsibility for being on roads open to vehicle traffic.

8.3.3.4. All athletes who complete the full course within the maximum time set will receive a finisher medal.

8.3.4. Restrictions on Participation

8.3.4.1. Athletes who are suspended or serving any restrictive penalty imposed by the Brazilian Athletics Confederation (CBAt), World Athletics (WA), or the Rio de Janeiro State Athletics Federation (FERAT) may not take part in the races.

8.3.5. Medical Assistance

8.3.5.1. The event will have medical and ambulance services available for any type of emergency. Follow-up medical care will be provided through the public health network.

8.3.6. Conduct on the Course

8.3.6.1. Athletes must stay alert to the flow of participants and to staff signals, avoiding running too close to the edges of the course, which can cause them to trip on curbs or on safety and marking equipment.

8.3.6.2. Athletes must remain within the boundaries of the course set by the organization, marked by barriers and signage along the route, in order to avoid accidents caused by contact with vehicles outside that area.

8.3.6.3. Cups, wrappers, and other items discarded during the race must be placed in the trash containers distributed along the course. Discarding items on the sand, in gardens, on bike paths, or anywhere other participants pass is prohibited, as it can cause serious accidents and harm the environment.

8.3.6.4. Athletes should avoid excessive hydration, which can hurt race performance and cause serious health problems.

8.3.6.5. Athletes who, for any reason, are unable to continue in the race after the start will have a transport bus available to reach the finish. This bus will follow the last athletes at the permitted pace to the finish, in keeping with the completion time limit.

8.3.6.6. Race safety will be ensured by the competent authorities, with the support of referees, marshals, and staff to guide and monitor participants.

8.3.6.7. Portable toilets will be available along the course.

8.3.7. Medical Assessment and Safety

8.3.7.1. All participants are strongly advised to undergo a prior medical assessment, including a stress test and echocardiogram.

8.3.7.2. Jumping over barriers to enter the track, whether at the start or at any other time during the event, is prohibited.

8.3.7.3. Athletes must strictly follow the official course, and using any aid that results in an unfair advantage is prohibited.

8.3.7.4. Athletes should pay extra attention to any uneven surfaces, obstacles, or grades on the course. The organization is not liable for any defects in the roads, and the full course will be published to athletes in advance.

8.3.7.5. Only registrants wearing a visible bib number and the race's disposable chip will be allowed into the finish chute.

8.3.8 External Assistance and General Conduct

8.3.8.1. No form of external assistance to participants will be allowed, except from members of the organization.

8.3.8.2. An athlete who breaches these Rules, in whole or in part, will be disqualified and/or will face the penalties imposed by the relevant governing bodies.

8.3.8.3. The race organization, its sponsors, and supporters are not liable for losses or damage caused by participants to third parties or to other participants; liability for such acts rests solely with whoever commits them.

8.3.8.4. Complaints about the final result of the competition must be made in writing, within 30 minutes of the results being released, at the event's production office.

8.3.9 Participant Responsibilities

8.3.9.1. By registering, the athlete assumes full responsibility for the information provided and declares that they fully accept these Rules, taking part of their own free will.

8.3.9.2. The athlete declares that they are aware of their state of health and of the need for a prior medical evaluation to assess their real ability to participate, and that they have trained adequately for the race.

8.3.9.3. Expenses for transportation, accommodation, food, insurance, and any other costs related to their participation in the event, before, during, and after the race, are the sole responsibility of the participant.

8.3.9.4. All material and equipment needed to take part in the event is the athlete's sole responsibility, both to obtain and to keep and maintain.

8.3.9.5. No political, promotional, or advertising material, nor any signage visible to other participants or to the public, may be carried or used in the authorized circulation and participation areas without the organization's prior written authorization. It is also prohibited to carry dangerous materials or objects that put the safety of the event, of people, or of infrastructure at risk.

8.3.9.6. For safety reasons and in order to meet requirements set by public authorities, bringing in or using glass bottles, large backpacks, flags with poles, sound instruments, flammable materials, or any other object that may pose a risk to participants' safety or compromise the running of the event, in the event arena or along the course, is prohibited. The organization may carry out a visual inspection of belongings, solely for safety purposes, and may deny access to, or ask to leave the arena, anyone carrying prohibited items, in

accordance with these Rules and the guidance of public authorities, with no right to a refund of the entry as a result.

8.3.9.7. Cutting the course, unsporting behavior, aggression, refusal to follow the organization's instructions, use of unauthorized means of transportation, or any conduct that compromises the safety of the event may result in disqualification.

8.3.9.8. The organization reserves the right to remove from the course, at any time, participants who breach this provision, with no right to a refund of the entry.

8.3.10. Changes to the Course and to the Event

8.3.10.1. The Organizer/Promoter may change the course at any time, and may also suspend the event for reasons of public safety, public disturbances, vandalism, and/or force majeure (such as strong winds and heavy rain) that could hinder athletes' progress and put their physical safety at risk.

8.3.11. Matters Not Covered

8.3.11.1. Questions or matters not covered by these Rules will be finally decided by the Organizing Committee, whose decisions are not subject to appeal.

8.3.12. Promotions and Promotional Codes

8.3.12.1. The organization reserves the right, at its sole discretion, to carry out promotional campaigns, including, without limitation, granting discounts, distributing promotional codes, and other initiatives aimed at the purchase of the participation kit or other products and services related to the event. Such campaigns may be announced through the race's official channels or by authorized partners, for specific periods and under specific conditions, without creating any obligation to extend or match them for participants not covered by such promotions.

8.3.13. Pets

8.3.13.1. Athletes accompanied by dogs or any other pets are not permitted to take part along the race courses, whether led on a leash or lead, in a stroller, or by any other means.

8.3.13.2. Exception for service animals: Athletes with visual impairments accompanied by duly identified guide dogs, in accordance with applicable law, are permitted to participate. The guide dog must remain under the athlete's control throughout their time in the arena and on the course, wearing a collar, lead, and official identification. The organization may give guidance on the athlete's positioning at the start and along the course, solely for operational safety purposes, without affecting their right to participate. This exception applies solely to trained and certified guide dogs; the presence of pets or animals not intended for assistance purposes remains prohibited.

8.3.14. Strollers and Participation by Unregistered Children

8.3.14.1. Athletes pushing strollers are not permitted to take part, nor are they permitted to be accompanied by babies or children who are not duly registered, wearing an official bib number, and within the minimum age required for the respective race, as set out in these Rules.

8.3.15. Changes to These Rules

8.3.15.1. The organization reserves the right to amend these Rules at any time, for the purpose of technical, operational, or legal adjustments necessary for the event to be properly held. Any and all changes will be announced through the race's official channels, with reasonable notice, in observance of the principles of transparency and good faith and the protection of participants' rights, in accordance with applicable law.

9. Support

9.1. Questions

For questions or technical information, contact the Organization by email: contato@maratonadorio.com.br

10. Appendix: Athlete Liability Waiver (Go Dream)

10.1 Liability Waiver: Rio Marathon

☐ Marathon 42K ☐ Half Marathon 21K ☐ 5K ☐ 10K ☐ Challenge (21K + 42K)

I declare that I have read, understood, and fully accept the terms of the race's General Rules, published on the event website, and that I am taking part in this event assuming responsibility for my own data, participating of my own free will, and being aware of my physical and mental state of health and of my fitness to participate. I recognize the importance of undergoing a prior medical evaluation, including clinical and cardiac tests appropriate to sports practice, and that this evaluation is my sole responsibility.

I declare that I will not take part in the race if I am medically unfit, poorly trained, unwell, or in a condition that could jeopardize my safety or that of others.

I recognize the importance of undergoing a prior medical evaluation, including clinical and cardiac tests appropriate to sports practice, and that this evaluation is my sole responsibility.

I declare that I have trained adequately, and that I assume my own expenses for transportation, accommodation, and food, insurance, and any other expenses necessary for or arising from my participation, before, during, and after the race. I recognize that road running involves significant risks, including falls, collisions, serious injury, permanent disability, and even death, as well as risks arising from weather conditions, equipment failure, the conduct of third parties, and other circumstances inherent to sporting activity. I fully assume such risks, releasing the ORGANIZATION, its partners, promoters, sponsors, suppliers, volunteers, and public authorities from civil liability for physical, material, or moral damage arising from my participation, except in cases of proven sole fault of the ORGANIZATION.

I expressly authorize the use of my image, voice, and likeness, captured at any time during the event, including kit pickup, Expo activities, promotional actions, start and finish areas, the course, ceremonies, sponsor activations, and other official venues, by the ORGANIZATION, its staff, partners, sponsors, and successors, for institutional, data enrichment, journalistic,

promotional, advertising, commercial, and publicity purposes, in any physical or digital medium, present or future, free of charge, irrevocably, and unconditionally.

I likewise authorize, under the same conditions, promotional activities carried out by the Event Organizer, such as sending informational and promotional messages about this race and similar races, and about its sponsors, supporters, and participating companies, via email, mail, SMS, among other means, to the phone numbers and addresses registered by me or by whoever completed my registration.

I understand that all material and equipment needed for my participation in this event are my sole responsibility, both to obtain them and to keep and look after them.

I agree not to carry or use, within the areas authorized for my movement and participation, any political, promotional, or advertising material, nor signage visible to other participants or to the public present, without the organization's written authorization, and likewise not to carry dangerous material or objects that put the safety of the event and/or of people and structures at risk.

I undertake to follow all of the event's rules, staff instructions, official signage, safety guidance, and instructions from the competent authorities, acknowledging that failure to do so may create additional risks, penalties, and even lead to my removal from the race.

I authorize the race's Medical Team to provide emergency care and carry out any necessary diagnostic procedures, aware that this team acts solely with respect to medical issues arising during the race and to transport to back-up hospitals, and does not replace the prior medical evaluation, which is my individual responsibility.

I declare that I am aware that Rio Marathon will follow the health regulations in force in the city of Rio de Janeiro on the date of the event, and I undertake to comply with them in full.

10.2 Liability Waiver Relating to Use of the Disposable Chip and Bib Number

10.2.1 Checking My Information

I declare that I will check the registration details shown on the envelope containing my disposable chip. If I find any discrepancy, I undertake to contact the ORGANIZATION immediately to have it corrected.

10.2.2 Proper Use of the Chip

I undertake to use the disposable chip in accordance with the instructions provided by the ORGANIZATION. If I have any questions, I will ask the official staff before the start.

I am aware that:

- the chip is mandatory for use throughout the race;
- failure to use the chip will result in disqualification or in my time not being recorded;
- I must not cut, scratch, fold with a crease, or otherwise damage the chip, under penalty of impairing its reading by the system;
- the chip provided is for this race only and may not be reused at other events;
- as it is disposable, it does not need to be returned after the race.

10.2.3 Proper Use of the Bib Number

I declare that I will wear the bib number at all times, affixing it to the front of my uniform, at chest height, in accordance with the ORGANIZATION's instructions.

I am aware that:

- the bib number is personal and non-transferable;
- lending, exchanging, or allowing another athlete to use my bib number or chip will result in disqualification.

10.2.4 Agreement

By selecting the corresponding field on the Go Dream platform, I declare that I fully agree with all of the items described above.
